### Sept. 11 an apt time to release leadership book

**Mary Ann Masur**, longtime Forger, launched her new book "Leadership Tips: 52 Weeks to Business and Personal Success" on Sept. 11.

This handsome weekly journal includes leadership tips designed to spark thinking in leadership, cus-

tomers service, business growth and many other areas.

Mary Ann said she chose Sept. 11 because "it reminds us that life is short." She emphasized that "we can choose to live it with courage, joy and fulfillment. This book is a guide to living it this way."

A former president of the Junior League of Baltimore, Inc., Mary Ann is the principal of Synergy Consultants, an organization focusing on developing people to be effective and fulfilled.
